**Clinical Innovations in Androgenetic Alopecia and Facial Rejuvenation with Platelet-Rich Fibrin Matrix  
and Blunt Tip Cannulas Workshop**

July 9, 2016 • 2:15 pm – 3:15 pm • The Wynn Resort

We greatly value your opinion. Please complete this evaluation and submit it to the registration desk at the conclusion of this activity. Your responses will be used in future planning of activities and materials.

I am a:  MD  DO  PharmD  RN  NP  PA  Other \_\_\_\_\_

Upon completion of this activity, participants will be able to:	Strongly Agree	Agree	Disagree	Strongly Disagree
<ul style="list-style-type: none"> <li>Discuss the diagnosis, presentation and impact on patient outcomes of patients with Androgenetic Alopecia and aesthetic concerns.</li> </ul>	④	③	②	①
<ul style="list-style-type: none"> <li>Review the safety and efficacy of current and emerging trends for the management of aesthetic indications using Platelet-rich Fibrin Matrix.</li> </ul>	④	③	②	①
<ul style="list-style-type: none"> <li>Review the safety and efficacy of current and emerging trends for the management of aesthetic indications using Blunt Tip Cannulas.</li> </ul>	④	③	②	①
<ul style="list-style-type: none"> <li>Individualize treatment approaches for aesthetic patients with various concerns based on their clinical presentations.</li> </ul>	④	③	②	①

Please indicate the extent of your agreement with the following statements:	Strongly Agree	Agree	Disagree	Strongly Disagree
<ul style="list-style-type: none"> <li>The teaching and learning methods were effective</li> </ul>	④	③	②	①
<ul style="list-style-type: none"> <li>The learning assessment used for this activity was appropriate</li> </ul>	④	③	②	①
<ul style="list-style-type: none"> <li>The faculty for this activity were effective</li> </ul>	④	③	②	①
<ul style="list-style-type: none"> <li>Overall, was this activity free from bias?                             <ul style="list-style-type: none"> <li><input type="radio"/> Yes</li> <li><input type="radio"/> No</li> </ul> </li> </ul>				
<ul style="list-style-type: none"> <li>Of the patients you will see in the next week, about how many will benefit from the information you learned today?                             <ul style="list-style-type: none"> <li><input type="radio"/> More than 50</li> <li><input type="radio"/> 26 to 50</li> <li><input type="radio"/> 11 to 25</li> <li><input type="radio"/> 1 to 10</li> <li><input type="radio"/> Not applicable</li> </ul> </li> </ul>				
<ul style="list-style-type: none"> <li>Based on what I learned today, I will improve my practice by incorporating the following (check all that apply):                             <ul style="list-style-type: none"> <li><input type="radio"/> Improved diagnosis/patient assessment</li> <li><input type="radio"/> Useful therapies and appropriate uses</li> <li><input type="radio"/> Cutting-edge science in this therapeutic area</li> <li><input type="radio"/> Best practices of my colleagues and leaders</li> <li><input type="radio"/> I do not plan to make any changes to my practice at this time</li> <li><input type="radio"/> Other (explain) _____</li> </ul> </li> </ul>				

- Which ONE delivery method do you find the most effective for CME/CE learning?
  - Live symposia at national/regional conferences
  - Internet webcasts
  - Live local meetings
  - Internet/print monographs
  - Live grand rounds
  - Other (explain) \_\_\_\_\_

- Please rate the professional practice value of each of the following in terms of improving your practice:

	Most Valuable	Valuable	Somewhat Valuable	Least Valuable
Today's CME event	④	③	②	①
Direct to consumer advertising	④	③	②	①
Sales representative visits	④	③	②	①
Promotional/other non-certified education	④	③	②	①

- Based on your experience, which of the following are the primary barriers to implementing changes in practice (check all that apply):
  - Lack of knowledge regarding evidence-based strategies
  - Lack of convincing evidence to warrant change
  - Lack of time/resources to consider change
  - Insurance, reimbursement or legal issues
  - Patient adherence/resistance to change
  - Other (explain) \_\_\_\_\_

- What motivated you to participate in this activity? (check all that apply)

- CME credits
- Faculty
- Topic or Therapeutic area
- Format type

- Which of the following is a good candidate for hair restoration with PRFM?
  - A 70 year old man with no hair
  - A 45 year old woman with no medical condition and thinning hair in the front.
  - A 35 year old woman with a thyroid condition and suffering from Alopecia Areata.
  - None of the above

What are the advantages of injecting with a blunt tip cannula?

- The patient gets a much better outcome than with a regular needle.
- The patient does not experience as much bruising as with a regular needle.
- They are easy for a clinician to use.
- Blunt tip cannulas have a better safety profile than a regular needle.
